SPRING TIME - MAKE YOUR ENTRIES!

As we are now well into Spring and the outdoor season has started, it is time to make your entries. The earlier this happens the easier it is to organize Leagues, and Tournaments.

Monday Night league starts in a week and there is a lot of preparation to be done once the total number of teams is established. So please enter your team or if you do not have a team, enter your wish to be paired up, and let's fill the League for the first series. The league caters for all levels of play with several divisions where you will be matched against those of a similar skillset.

For those that have not played before, the game is a single game starting no later than 7.15pm, consisting of 14 ends. The number of nights of play depends on the number of teams that enter, but it is normally around eight games.

Entries should be made on the notice board sign up sheets in the clubhouse..or call [Hossein 647 534 8487](tel:4166475348487)

Next Open House IMPORTANT!

Our Second Open House is on **Thursday 6th June at 7pm**. Doors will be open at 6.30pm. The first open house resulted in 17 in training. We have fallen well short of the numbers required to sustain the club. The second open house is therefore very important to the Club.

We need all members to try hard to bring potential new bowlers to the second open house.
