

Subject: WLBC STEP 1: COVID-19 Self-Assessment

Members and friends,

Prior to returning to play, you will be required to complete an [online COVID-19 assessment](https://covid-19.ontario.ca/self-assessment/) (<https://covid-19.ontario.ca/self-assessment/>) on the Government of Ontario website. Although the final choice is yours, we strongly encourage you to follow the recommendations you receive from your self-assessment. (Attached here for those who do not have e-mail.)

The Ontario Lawn Bowls Association is also encouraging bowlers to download and install [the Government of Canada's tracking application](https://ca.thrive.health) (<https://ca.thrive.health>) for smartphones to monitor and track symptoms before coming out to play.

Use of this application will help with the implementation of a tracing protocol. But before you install the application, please read the fine print to ensure that you're comfortable with the information that will be gathered and how it will be shared.

Our next e-mail will provide a waiver and indemnity agreement from the OLBA that you must read, initial and sign.

If you have any questions, please send them to [info@wlbowl.ca](mailto:info@wlbowl.ca).

Sincerely,

Gordon Jones
